

Bringing Nature Home (Updated and expanded ed.)

Filesize: 8.78 MB

Reviews

The publication is great and fantastic. It is probably the most remarkable book i actually have read through. Its been printed in an exceedingly easy way and it is merely right after i finished reading through this publication where in fact altered me, modify the way i think.

(Tomas Witting)

Timber Press. Paperback. Book Condition: new. BRAND NEW, Bringing Nature Home (Updated and expanded ed.), Douglas W. Tallamy, As development and subsequent habitat destruction accelerate, there are increasing pressures on wildlife populations. But there is an important and simple step toward reversing this alarming trend: Everyone with access to a patch of earth can make a significant contribution toward sustaining biodiversity. There is an unbreakable link between native plant species and native wildlife - native insects cannot, or will not, eat alien plants. When native plants disappear, the insects disappear, impoverishing the food source for birds and other animals. In many parts of the world, habitat destruction has been so extensive that local wildlife is in crisis and may be headed toward extinction. "Bringing Nature Home" has sparked a national conversation about the link between healthy local ecosystems and human well-being, and the new paperback edition - with an expanded resource section and updated photos - will help broaden the movement. By acting on Douglas Tallamy's practical recommendations, everyone can make a difference.
