Somerset Maugham. The present essay discusses Maugham s novel The Moon and Sixpence. My concerns lay on key questions that I try to explore. First and foremost, what do we learn about the presentation of the early twentieth century artist from Maugham Are, in fact, artistic techniques used in the literary portrait (depictions) of the artist What do we learn about modern art from the text Why is Maugham writing about an artist How can literature depict artist and artistic processes Now I propose to attempt at least to suggest the reasons for, if not to reconcile, opinions as widely different as the ones presented further in the essay and, at the same time, to offer a less impetuous and more carefully substantiated criticism of Maugham s fictional work, The Moon and Sixpence. 32 pp. Englisch.
