In 1991, Congress expanded the law to include the destruction of chemical warfare material not part of the stockpile, such as buried munitions and former weapons production facilities. The Department of the Army is the agent responsible for program management and oversight. As requested by the President, the Committee recommends appro-priating 172, 500, 000 for chemical demilitarization projects, which is 2, 900, 000 below the amount appropriated in fiscal year 2001. The following chart displays the fiscal year 2002 funding incre-ments: State Installation Project Request Recommended Arkansas. Pine Bluff Arsenal.
