Reviews

This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe. (Derick Brekke)

COMMON SENSE AND OTHER WRITINGS: AUTHORITATIVE TEXTS, CONTEXTS, INTERPRETATIONS

WW Norton & Co. Paperback. Book Condition: new. BRAND NEW, Common Sense and Other Writings: Authoritative Texts, Contexts, Interpretations, Thomas Paine, J. M. Opal, Thomas Paine's loyalties were with universal and self-evident principles rather than with a particular group or nation, and it is this dimension that informed his most important works. This Norton Critical Edition shows how Paine's fury at the British Empire, including its injustices to South Asians and Africans, shaped his first best seller, Common Sense, and how his direct involvement with the French Revolution pushed his ideas toward a unique form of democratic radicalism. Together with his rejection of organized religion, Paine's radicalism resulted in his being one of the most hated men in both monarchical Britain and republican America. This volume includes J. M. Opal's introduction, "Thomas Paine and the Revolutionary Enlightenment, 1770s-90s," which provides essential biographical and historical details across three tumultuous decades. Paine's most important works—from Common Sense (1776) through Agrarian Justice (1796)—are reprinted and are accompanied by explanatory annotations. Supporting materials include a wide range of documents from the turbulent years following the publication of both Common Sense and the Declaration of Independence. These include Pennsylvania's gradual emancipation statute of the 1780s, an ex-slave's impassioned call for revolutionary violence against European imperialists and masters, and a British conservative's witty rejoinder to Paine's vision of a brave new world. Four major interpretations of Paine's work are provided by Nathan R. Perl-Rosenthal, Robert A. Ferguson, Gary Kates, and Gregory Claeys. A Selected Bibliography is also included.
