Brand New Book ***** Print on Demand *****.The African has generally not been given his right place in the many areas of human civilization. The African is denied a will, freedom, knowledge, rational powers, etc. Yet, man is by nature a thinking being endowed by nature itself with this unique faculty which he makes use of in his everyday experience, in organizing and interpreting the experience. African philosophy is a rational product of the African s intellectual, deliberate or conscious activity with all the qualities that any philosophical discipline has in itself. Acknowledged African scholars, inspite of the disagreement amongst have now accepted that there is a philosophy which is peculiarly African in character, and function. As a philo-sophia, it is a quest for African wisdom. African Philosophy: An Introduction is the reflective and systematic investigation into the fundamental questions that confront the African such as the nature of the universe, humanity, the self, the community, etc.
