Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. Illustrated. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.To know the truth absolutely! Thats often deemed impossible. However, the notion is false. What is truth, is knowable. The book presented here illustrates how it is possible for a person to solve complex problems, such as to double a square, in area, and than to know in the end that the result is absolutely correct; and all this without one having any special knowledge in mathematics and geometry. Plato illustrated how this is done in his Meno Dialog in the Republic. Now extend the process further and build on the Meno principle to prove the Pythagorean theorem. At first glance, this seems impossible. However, when one extends the Meno principle, by understanding its expression, one can say with absolute certainty that the result is correct by simply looking at the process with which the answer is derived. Plasma in the physical universe is as challenging in perception as the spiritual domain in the human sphere. Both are invisible, except by their effects, but they are understandable and knowable. On the same basis it becomes possible to recognize the outcome of plasma physics operating in the universe. This is important in astrophysics, because of the huge consequences that follow, when we mess up in our thinking. With the Ice Age Challenge now before us, we face two imperatives. One is to understand the physical dynamics, and to create the physical infrastructures that enable human living to continue in an Ice Age climate. The second challenge, the greater challenge, is to raise up our humanity to such height as will impel us to get the job done. Some say that miracles are needed on both...
